

2017 GA Elementary Science Olympiad State Qualifying Tournaments

Tournaments Submitted & Updates as of 2/28/17

Teams must earn a top team score at a state qualifying tournament in order to earn a team position at the GA ESO State Competition in May 2017. Schools may only bring 1 team to the state competition if they earn a team position at the state tournament. The number of schools competing at a tournament will determine the number of state team slots allotted to that tournament. Larger number of schools at the state qualifying tournament = more school/team slots for the GA ESO State Tourney.
